Vehicle Accident Kits

In the interest of preparedness during an emergency, EMTA has deployed 3 accident kits, currently located in the following vehicles:

- Explorer 54
- Explorer 55
- Chevrolet Tahoe LS

The accident kits contain the following items:

- (1) Neon Vest
- (1) Flashlight with Orange Traffic Control Function
- (1) Pack of Extra Batteries for the Flashlight
- (1) Seat Belt Cutter
- (1) Body Fluid Spill Kit
- Pens
- SAFTI Accident Report – Driver
- SAFTI Accident Report – Supervisor
- Incident Report – Driver
- Incident Report – Supervisor

If an accident kit or its contents are utilized, please let Matt or Pat know what item(s) need to be replaced as soon as possible.
